	Schedule #2—Required Attachments and Provisions and Assurances (cont)
Col	
	t 3: Program-Specific Provisions and Assurances  Amendment # (for amendments only):
	The applicant will adhere to a TEA-approved schedule that meets or exceeds program service requirements at each center and that provides a consistent and dependable schedule of weekly activities for all students enrolled. The applicant agrees to meet with TEA or its contractors after awards are announced and before the start date of the program to develop an approvable operation calendar for each center.
10.	<ul> <li>A minimum of 35 weeks per year across all terms, including summer. TEA will count only the weeks in which a center offered the minimum number of hours-per-week toward the 35-week total. Make-up hours will be credited. The week runs from Sunday through Saturday.</li> <li>A minimum of five days per week for the fall and spring terms.</li> <li>A minimum of 15 hours per week (applicants should not propose to offer more than 20 hours of programming per week). Note: Transportation time that exceeds 30 minutes per-day shall not be counted towards minimum hours-per-week of programming.</li> <li>A minimum of six weeks and four hours per day, four days per week during the automated.</li> </ul>
	weeks are not required. Grantees may offer four weeks of summer programming during the grant period that ends July 31, 2019, but if approved, the grantee must offer two weeks of summer programming in the subsequent continuation period between August 1, 2019, and the first student attendance day for the 2019–2020 school year.  • Hours dedicated to program activities for adult family members will not count toward student programming.
11.	Services will be provided at no cost to participants. Grantees are prohibited from collecting fees, including late pickup fees or any other fee.
12.	Activities will be supervised at all times by qualified staff at adult to student ratios that meet or exceed TEC Chapter 25, Subchapter D requirements or other state required ratios as applicable.
13.	Center-level activities will be a minimum of 45 consecutive minutes in length and planned for each hour that a center is operating. Activities will be intentionally designed to address student needs and student voice, aligned with state standards and developed using a planning tool such as the Texas ACE© Activity/Unit and Lesson Plan Worksheet. Activities will reflect each of the following four components during each term: academic assistance, academic enrichment, family and parental support, and college and workforce readiness (grades 9-12 only).
14.	Academic, academic enrichment, accelerated learning, and tutoring activities will align with the regular school day program and state standards. Enrichment activities will enhance the academic-related activities of the regular day and/or be aligned with a documented student or campus need.
15.	All activities will occur at an approved center or, on a limited and pre-approved basis, at an adjunct site or during an approved field trip. Activities at a non-approved location, such as a feeder school, are unallowable and will not be charged to the grant.
16.	Grantee will offer families of students served by the program opportunities for active and meaningful engagement in their children's education and opportunities for literacy and related educational development. Family activities will be designed to meet the identified needs of each center's families and students; the needs of working families will be specifically addressed. Activities will be ongoing and consistently available throughout each term. The number of family members served will be proportional to the targeted number of students.
17.	All required staff positions will regularly participate in training and other opportunities offered by the Texas ACE© program. In addition, the grantee will regularly provide program-specific in-person training to center-level staff and will document the content and attendance of training events.

## Schedule #3 Certification of Shared Services

County-district number or vendor ID: 031-901

Amendment # (for amendments only):

I, as one of the below member entity authorized officials, certify that to the best of my knowledge, the information contained in this application is correct and complete, that the entity that I represent has authorized me to file this application, and that such authorization action is recorded in the minutes of the local agency's board meeting.

The participating or intermediate education agency named has been designated as the administrative and fiscal agent for this project and is authorized to receive and expend funds for the conduct of this project. The fiscal agent is accountable for all shared services arrangement (SSA) activities and is therefore responsible for ensuring that all funds including payments to members of SSAs are expended in accordance with applicable laws and regulations.

All participating agencies have entered into a written SSA agreement that describes the responsibilities of the fiscal agent and SSA members, including the refund liability that may result from on-site monitoring or audits and the final disposition of equipment, facilities, and materials purchased for this project from funds specified below.

It is understood that the fiscal agent is responsible for the refund for any exceptions taken as a result of on-site monitoring or audits; however, based upon the SSA agreement, which must be on file with the fiscal agent for review, the fiscal agent may have recourse to the member agencies where the discrepancy(ies) occurred.

Any additional funds that result from an increase will not require additional signatures. Each member identified below acknowledges accountability for the requirements contained in the provisions and assurances listed in Schedule #2, Parts 2 and 3, as applicable. Each member entity certifies its agreement to participate in this SSA, as stated throughout this grant application.

# Schedule #4—Request for Amendment

County-district number or vendor ID: 031-901

Amendment # (for amendments only):

#### Part 1: Submitting an Amendment

This schedule is used to amend a grant application that has been approved by TEA and issued a Notice of Grant Award (NOGA). **Do not submit this schedule with the original grant application.** Refer to the instructions to this schedule for information on what schedules must be submitted with an amendment.

An amendment may be submitted by mail *or* by fax. Do not submit the same amendment by both methods. Amendments submitted via email will not be accepted.

If the amendment is mailed, submit three copies of each schedule pertinent to the amendment to the following address: Document Control Center, Grants Administration Division, Texas Education Agency, 1701 N. Congress Ave., Austin, TX 78701-1494.

If the amendment is faxed, submit one copy of each schedule pertinent to the amendment to either of the following fax numbers: (512) 463-9811 or (512) 463-9564.

The last day to submit an amendment to TEA is listed on the <u>TEA Grant Opportunities</u> page. An amendment is effective on the day TEA receives it in substantially approvable form. All amendments are subject to review and approval by TEA.

## Part 2: When an Amendment Is Required

For all grants, regardless of dollar amount, prior written approval is required to make certain changes to the application. Refer to the "When to Amend the Application" guidance posted in the Amendment Submission Guidance section of the Grants Administration Division Administering a Grant page to determine when an amendment is required for this grant. Use that guidance to complete Part 3 and Part 4 of this schedule.

## Schedule #5—Program Executive Summary

County-district number or vendor ID: 031-901

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

AfterSchool Centers on Education with Innovative Teachers (ACE IT) Program Overview Brownsville, Texas is located by the U.S./Mexican border and in Cameron County which, according to the most recent U.S. Census Is one of the most economically disadvantaged counties In the United States. According to 2014 U.S. Census Quick Facts data, It Is estimated that the city of Brownsville has a population of 183,046 residents of which 98% students. Only 13.9% of all adult Hispanics in America have a Bachelor's degree or higher as compared to 51% Asian, 34.5% Whites and 21.2% Blacks (see figure on right) while economically disadvantaged students in the Rio Grande Valley hover below a 3% BA/BS educational attainment (2018, THECB).

ACE IT Design Team: Aproximately 155 BISD community stakeholders to include Region One ESC (ESC1), TSC, The University of Texas Rio Grande Valley (UTRGV), and Communities in Schools met to design ACE IT, a high quality scientifically proven extended learning opportunities to reinforce and complement the regular academic program of the school day at 10 BISD campuses that have never been served with 21st CCLC funding. ACE IT sites will include: Veterans Memorial ECHS, Brownsville ECHS, BLA High/Middle School, Brite Elementary, Burns Elementary, Egly Elementary, Hudson Elementary, Martin Elementary, Peña Elementary. ACE IT will offer BISD students a safe haven in after school with the resources and environment necessary to excel academically, prepared for college and the workforce. Expected outcomes will result in BISD exceeding all State Rates in the 5 areas of accountability to include STAAR. ACE IT will serve 2,500 students and 1,250 parents at \$358/student cost to include:

- ✓ Adjunct sites at GP Zoo, Cummings CTE Center, Coastal Studies Labs, LA Atronomy Lab and USS Ridley
- ✓ Dynamic Enrichment that promotes Sports, Music, Dance, and Art with motivational performances and recitals
- ✓ WorkForce Solutions Certifications for parents and students for high quality incomes and careers
- ✓ TSC Master Tutoring training and mentoring of High School students for usage in ECHS labs and future jobs
- ✓ TSC Pre-College Certifications and Allied Health Bridge Services for EMT, MLT, and Pre-RN
- ✓ ESC 1 Life Skills services with family engagement to enrich and expand students' understanding out of poverty
- ✓ BISD Community Service for large Homeless Youth population (9th highest district in state) for social responsibilities
- ✓ UTRGV Virtual Reality, Coding, Robotics, Droids and Astronomy for cutting edge courses that peak interest
- ✓ TSC Adult Continuation Education courses for ESL, GED, Computers and Wellness topics
- ✓ UTRGV School/College Partnerships with early P-21 college bound planning, parent trainings and student tours
- ✓ BISD Smart Labs with trained college mentors to reduce attrition and remediation of incoming college students
- ✓ STEAM Academy courses to offer stronger student engagement such as Space X, Robotics and GROW
- ✓ BISD alignment with Brainsville, Imagination Destination, Stockmarket Games, APEX, STAMP, SPACE, STEAM
- ✓ Summer Camps with UTRGV, TSC Professors to provide positive academic, social, cultural, and interpersonal skills

Need for Program: Education in the border region is substandard on both sides. The low levels of education along the border region are due to lack of proper infrastructure, low property-tax funding for schools, and pressing financial need which sees children contributing to family incomes. Brownsville Independent School District (BISD) has 58 campuses with an enrollment of over 47,669 students, making it the largest school district south of San Antonio. Brownsville statistics show a dire need for families to receive after school services as not one campus has a 21st CCLC program. Of adults that are twenty-five and older, only 63.1% of Brownsville residents have completed their high school education compared to State (81.6%) and National (86.3%) rates. The numbers are even more alarming when comparing completion rates for Bachelor's Degrees: Brownsville (17.2%); State (27.1%); and National (29.3%). It is estimated that only 1% of colonia students receive a BA/BS or higher (PBS Report). With these figures, It is no surprise that Brownsville's per capita income Is \$14,124 as opposed to State (\$26,513) and National (\$28,555) averages. Of the student population, 96% are Economically Disadvantaged, 66% At-Risk, 33% LEP, and 100% qualify for free meals. Targeted students and their eligible family members are mostly found In neighborhoods that have few academic and/or social services available and have a higher than normal level of criminal delinquency and/or rate of general crime Incidences. In addition, targeted students are at centers where they struggle with academics, student attendance, promotion rates and college readiness as only 28% of students met AP/IB criterion in all subjects as compared to the state's 49.5% (2016-17 TAPR Report).

Schedule #6—Program Budget Summary

NOTE: Indirect costs are calculated and reimbursed based on actual expenditures when reported in the expenditure reporting system, regardless of the amount budgeted and approved in the grant application. If indirect costs are claimed, they are part of the total grant award amount. They are not in addition to the grant award amount.

Indirect costs are not required to be budgeted in the grant application in order to be charged to the grant. Do not submit an amendment solely for the purpose of budgeting indirect costs.

If selected for a competitive grant, your award amount will be the lesser of the grand total of budgeted costs as stated on this schedule (the box with the bold outline), or the sum of all line items listed on this schedule, or the maximum allowable award amount. TEA is not responsible for math errors.

## The University of Texas Rio Grande Valley Outreach (Sample Program Budgets for BISD)

Program Title: Conference; Target: Audience: BISD Teachers; Duration of Program: Summer Conference (June) Program Implementation and Key Staff: The program operates out of the UTRGV P-16 Outreach office, and is staffed with key personnel to ensure successful curriculum implementation and participant academic progress. Staffing includes P-16 Outreach Director, Barbara Jean Garza, three program coordinators, Aliver Lozano and Lorena Roxburgh stationed at the UTRGV-Edinburg campus, and Nalleli Salinas-Loredo stationed at the UTRGV-Brownsville campus. Program Description: This event will be a 4-day conference experience for teachers and faculty. The conference will consist of four packed days of information and engaging sessions. Program Objectives: Engage School Teachers and University faculty: Proposed Program Activities include: Keynote speakers each day; Workshops: Effective study habits; Effective tutorial strategies; The quality of a lesson; Understanding the transition process; College and career readiness;

## Schedule #14—Management Plan

County-district number or vendor ID: 031-901

Amendment # (for amendments only):

Part 1: Staff Qualifications. List the desired qualifications, experience, and any requested certifications of the primary project personnel projected to be involved in the implementation and delivery of the program.

#	Title	Desired Qualifications, Experience, Certifications	
1.	1 ACE IT Project Director	TBD: Ph.D Preferred; MS/MA Degree. Experience: Community Oriented, Similar background of target group, former ACE experience, educator, College networks, school Training, Adult Education Background, Technology Proficient. Certifications: ACE Training, Bilingual.	
2.	10 BISD Site Coordinator(s)	<b>TBD:</b> MS Preferred; BA or BS required 4 Yrs. with after school programs, Teaching Background Bilingual or Spanish Training. Experience: Community Oriented, Similar background of target group, former ACE experience, educator, College networks, school Training, Adult Education Background, Technology Proficient. Requested Certifications: Community Training, Bilingual	
3.	1 CIS Family Engagement Specialist Maria Roussett	MS Preferred; CIS will utilize Maria Roussett who has 5 yrs experience with LFISD ACE, So work Background, Bilingual. Experience: Community Oriented, Similar background of target of Adult Education Background, Technology Proficient, Parenting Certification, Community Train	
4.	ACE IT Evaluator (Dr. Garcia)	Ph. D. or ED. Preferred; MA/MS required, 3-5 Yrs. with after school program Evaluation, Teaching Background, Bilingual or Spanish Training, Grant Experience. Experience: Former BISD experience, educator, College networks, University Professor: BISD's <u>Dr. Lee G. Garcia will</u> serve as the experienced (25 years) program evaluator. (see Appendix F for Resume)	

Part 2: Milestones and Timeline. Summarize the major objectives of the planned project, along with defined milestones and projected timelines. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

County-district number or vendor ID: 031-901

Amendment # (for amendments only):

Statutory Requirement 1: Describe how the eligible entity evaluated community needs and resources. Describe the results, including the resources available in the community, and how the program strategies and activities proposed to be carried out in the center(s) will address those needs. Specifically address the needs of working families.

BISD 21st CCLC Grant Design Team (See Appendix A- Needs Asessment/Design Team List/Survey Results)

BISD evaluated community needs and resources through multiple community meetings with 155 participants with both UTRGV, TSC and BISD professors, administrators including all campus principals, program specialists, librarians, parents, teachers, counselors, businesses, non-profits, workforce, supported by more than 6,000

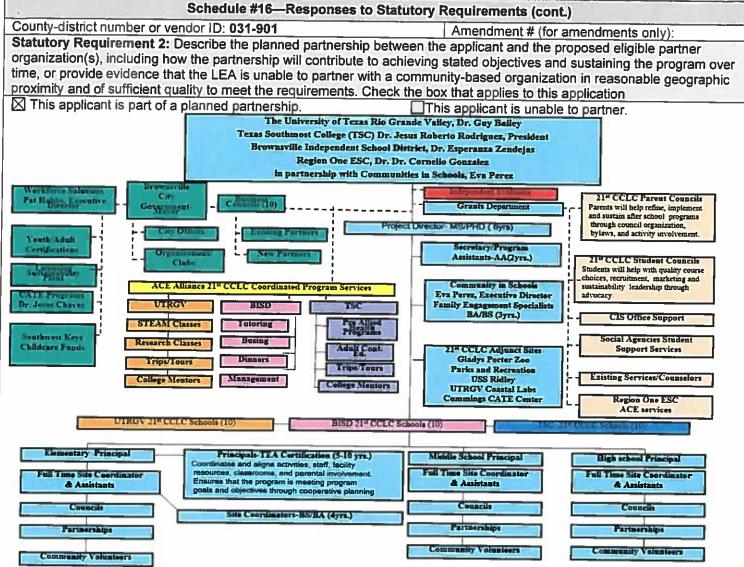

community surveys and Campus Improvement Plans (CIP) outlining the problems, solutions, family plans, and sustainability through community coordination. The Design Team targeted 100 major resources available in the community with specific program strategies and activities proposed to be carried out in the ten 21st CCLC centers that will address the needs of BISD families. Workforce Solutions Camerron County Executive Director, Pat Hobbs and BISD CATE Director, Dr. Chavez specifically addressed the needs of working families by creating certification programs for both students and adults with TSC community college support offering childcare, TECH labs, busing, and trades tours in the city (Heavy Metal Tours) where families can be prepared for available high paying careers in local Technical Industries. Fig. 1-3: 155 CAC Design Team Grant Members.

Securing Memorandums of Understanding (MOU)

In April 4-5 2018, BISD 21st CCLC Design Team members were engaged in special collaborative meetings where the design. involvement and sustainability of the 21st CCLC (Cycle 10) were discussed and MOUs secured in response to meeting the needs. BISD met with The University of Texas Rio Grande Valley, Texas Southmost College and BISD Administrative Teams in three separate locations and times to help coordinate how 21st CCLC program services would be coordinated without duplication of effort and with maximized use of existing organizational resouces and services. MOUs were also generated by all BISD board members and all 10 campus principals including their staff to indicate a strong commitment to implement and sustain 21st CCLC services and resoruces. Close to 100 MOUs (see Appendix E-MOUs) were secured from a community understanding the value of coordinated strategies for After School Program (ASP) services towards educational attainment in a large city with 96% ecomonimcally disadvantaged students in the poorest places in America (Cameron Park, Cameron County, US Census 2010). Currently, not one (0) of the 58 BISD campuses have a 21st CCLC grant although BISD is outperforming Texas Districts in all performance data on STAAR regardless of SES status. BISD would like to extend its academic performance success to increase the community's responsibility to prepare students for post seconday success. Currenlty, only 1% of colonia students receive a BA/BS or higher (PBS Documentary) and normally less than 3% of economically disadvantaged students in the Rio Grande Valley achieve a Bachelors Degree much less a graduate education. Less than 4% of all doctorates are from African Americans or Mexican Americans (US Census, 2010; ED Reports, 2018.) CAC Top 3 BISD Problems included: 1.) Poverty, 2.) Language, 3.) College (see Appendix A-CAC Notes). ACE Cycle 10 Planning

UTRGV, TSC and BISD agreed on packaged ASP services to meet the needs and align with unified goals while complimenting not competing. These include creating; Higher Education activities towards a pathway out of poverty, dynamic college enrichment with summer and ASP college programs, cutting edge classes such as Artificial Intelligence (AI) Environments, STEAM courses, with Adjunct Research sites where college students can mentor and teach students such as the Gladys Porter Zoo, Cummings CTE Certification Center, Coastal Studies Research Labs, while creating seamless CATE services whereby BISD students and their parents can prepare for employable high paying jobs and careers. (see Appendix B-BISD Partnerships; Appendix F-Organizational Charts; Appendix E-MOUs from Partnerships)

BISD Grant Partnerships (See Appendix-G Campus MOUS singed by all staff and Appendix E-Partnership MOUs) BISD partnerships includes Communities in Schools (CIS) Cameron County, The University of Texas Rio Grande Valley (UTRGV), Texas Southmost College (TSC) and Region One Educational Service Center (ESC1). CIS is the nations's leading dropout prevention organization in over 26 states that position a CIS coordinator inside schools to assess needs and deliver necessary famly resources that remove barriers to success. In addition, CIS has managed a prior successful 21st CCLC grant with Los Fresnos ISD and has agreed to help BISD with cycle 10. CIS Executive Director, Eva Perez, and staff attended all Design Team Meetings advocating the value of enhancing the 21st CCLC grant with CIS services and resources. CIS will provide the required Family Engagement Specialist position and offer experienced non-duplicated and sustainable 21st CCLC services with students and their families with well trained experienced staff. CIS offers the "Five Basics": 1) a 1:1 relationship with a caring adult; 2) a safe place to learn and grow; 3) a healthy start and a healthy future, 4) a marketable skill to use upon graduation; and 5) a chance to give back to peers and community. The proposed eligible partner organizational chart (Fig 3 below) is shown below indicating all the organizations, management links, and required job experiences with required degrees. All partners were trained on 21st CCLC regulations and agreed on helping meet the five goals of the 21st CCLC program to include Improving; academics, behavior, attendance, promotion and graduation. In addition, UTRGV and TSC have agreed to help; evaluate the program goals, contribute to achieving stated 21st CCLC objectives and sustaining the program over time by linking existing camps, summer programs, mentors, work study jobs, workforce certifications, and complimentary services at all campuses. BISD Board has made a consertive effort to apply and keep 21st CCLC funds in the district.

Amendment # (for amendments only):

**Statutory Requirement 4:** Explain how the program will use best practices, including research or evidence-based practices, to provide educational and related activities that will complement and enhance academic performance, achievement, positive youth development of the students, and, if applicable, postsecondary and workforce preparation.

### National Best After School Program (ASP) Practices

BISD will use national best practices, including research or evidence-based practices, to provide educational and related activities that will complement and enhance BISD academic performance, achievement, positive youth development of the students, and postsecondary and workforce preparation. **ACE IT** will support and improve family engagement with the following <u>six research-based strategies</u> that 21st Century Community Learning Centers and other similar programs can use to improve their family engagement efforts (Bouffard, Westmoreland, O'Carroll & Little, 2011; Little, 2011).

ACE IT will have adequate and welcoming space to engage families and students by establishing a "family plaza" in which family members can find resources about the program and services in the community with welcoming signage at the center accessible in the languages spoken by the families served.

ACE IT will establish policies and procedures to promote family and student engagement by ensuring; a section on family engagement in their operations manuals, a family handbook, strategies for engaging families as part of the program quality standards; and at least one family open house per year.

ACE IT will communicate and build trusting relationships by offering; frequent and positive communication with family members; treating family members with respect; asking them about their own lives and interests, as well as those of the students in the program; and ensuring that interactions with family members are not solely in response to negative student behaviors or performance with a communications log to monitor the frequency.

ACE IT will be intentional about staff hiring and training to promote effective participant interactions. ACE will hire staff who reflect the demographics of the families served and who are trained in respect for cultural differences, including an examination of their own biases to include ongoing continuous improvements.

ACE IT will Connect families to each other, to the program staff, to schools, and to other community institution to support a more holistic approach to education—one that requires afterschool programs, schools, and families to partner to provide expanded opportunities for learning throughout extended learning.

ACE IT will help support families and their basic needs by providing access to community resources to hosting forums and discussion nights to address topics of concern to families to providing training on leadership and advocacy. <u>Business</u>, <u>Parent and Student Councils</u> will be established at all centers to ensure engagements.

## Scientifically Research-Based Practices (SRBP)

All ACE SRBP curricula will help students meet the State and local student academic achievement standards. Research studies conducted by the respective companies were analyzed and only appropriate vendors were used based on SRBP and careful consideration was given to curriculum plans that have a strong alignment with TEKS. ACE that combines direct teaching with indirect instruction, such as computer use, scientific experiments and other hands-on projects help students acquire a set of skills useful in school and in life. (Funkhouser et al., 1995) Research also shows that after school programs that provide a wide variety of enriching and engaging activities make learning fun. Quality programs give children the opportunity to follow their own interests or curiosity, explore other cultures, develop hobbies, and learn in different ways. Successful after school programs seek to involve parents in orientation sessions, workshops, volunteer opportunities, parent advisory committees and in a wide range of adult learning opportunities, such as parenting education. computer training, GED training, and English as a Second Language. (Safe and Smart: Making After-School Hours Work for Kids) Effective collaboration between the ACE and the community, whether through partnerships or developed networks. gives students more options and helps to extend the resources available for after school learning and enrichment. (de Kanter et al., 1997). The analysis of State observation data (TEA ACE Evaluation Reports, 2013) showed the three instructional approaches used by BISD to distinguish High Quality ACE activities: Activities are clearly designed to achieve explicit objectives. In the high quality academic enrichment sessions, the instructors clearly state the learning objectives and then lead students through a variety of learning activities related to those objectives. Intentional use of time is anchored in planning and pacing, found to be essential for keeping students busy and engaged throughout the observed sessions. Materials will be ready when the sessions begin. Routines are worked into sessions so little time is wasted when students begin sessions and transitioned from one activity to another. The pace is generally quick, and, as a result, student accomplishments by the end of the activities were evident. An active and interactive instructor will continually engage with students, even when students are working in small groups or on their own. The instructors will move about the room, look over students' shoulders, asked questions that deepened student knowledge, notice and help when students have trouble, and manage student behaviors before any students became disruptive.

	Schedule #16—Responses to Statutory Requirements (cont.)			
County-district	number or vendor ID: 031-901			
Statutory Req	ulrement 5: Describe the proposed program activities and how they are expected to improve student			
academic acm	evernent and overall student success			
Table 2 indical	tes the various types of ACE program activities and how they will improve student academic achievement at			
overall student	success. OTRGV, TSC, Region one ESC and CIS have discussed activities with coordinated MOUs			
	Table 2: Improving Academic Achievement and Student Success			
Higher	Top HQ Teachers: BISD and College Professors providing Team Teaching classes.			
Education Vision	Disguised Learning (EL): Reading, Writing, Math and Science infused with creative enrichment			
AISIOH	i-Tutoring: i-tutors, college mentors and specialized teachers in chosen fields will tutor daily			
10 N N	Project Based Learning (PBL): project based activities for group learning and showcasing work.			
100 miles	STEAM: Targeted Science, Tech, Education, Arts and Math instructional hands-on activities.			
Section 2	Incentives: Individualized rewards will encourage performance on grades and state exams.  SMART labs: Creative learning labs with support for TSI/SAT/ACT/PSAT and STAAR exams.			
	Adult Classes: Creating ESL, GED and Computer classes for adults will inspire students.			
	Creative Adjunct sites: Zoo, Coastal labs, and CATE labs will allow for real world experiences.			
	Before School: Library and Computer labs will open for ACE research, print and wi-fi services.			
College	ramily Plazas: Creative activities, caring staff with fun enrichment and learning for all family			
Enrichment	Motivation: Great attendees will get treats and drawings for prizes donated by community			
Programs	wixed Reality: At Learning Environments with Virtual Reality and Blended Learning			
100	College Tours: College Tour participation will be based on ACE attendance and performance			
	Summer Camps: Summer Camps, and Career Field Trips will be reserved for active students.			
	Brain Days: Special days will be created to give students their respective games or treats.			
	Chess Champions: BISD will partner with colleges to expand chess opportunities.  Robotics: PK-12 grade Coding classes for both girls and boys to advance careers.			
American	IEP: Individualized Educational Plans will address behaviors and home life issues.			
Dream	Personal responsibility: Students will develop personal responsibility to avoid victim mentality.			
School	Parent Connection: Ongoing communication with parents/quardians to discuss learning issues			
Model	Clear Rules: Posted clear and consistent rules with consequences and rewards will set culture			
Family	Leadership: Visibility of school leaders and college mentors will enforce safe positive ACE climate			
Services	Fold: Positive Benavioral Intervention Strategies such as Peer Mediation and Rones Challenges			
	Goal Setting: GRIT/ZEST concepts will help make better decisions and assist with life adversities.			
	Positive influences: Speakers and workers will instill a positive mindset and increase self esteem.			
	Hero Program: Men will serve as campus guardians and roam the ASP on rotating schedules.  American Dream School: Parent resources and training on how to improve their financial status.			
Building	Mentoring Teachers: Master certified teachers will personally mentor 5-10 at-risk students.			
Respect and	Accelerated Instruction: ACE labs will provide grade, credit and homework recovery			
Character	Dual enrollment: HS will be transformed into an Early College center for local and online credits			
	Diffigural Staff: Staff with English/Spanish speaking abilities will help large Hispanic population			
	nome visits: Home visits will be conducted to meet with absentee participants in their homes			
	Summer Learning: Summer remedial learning will increase promotion rates and state test scores			
	Higher Expectations: College bound tours and culture will raise post secondary expectations.			
E 500 H	No Dropout Zone: GRIT/ZEST training for all educators and participants in all ACE campuses.			
	Parent Workshops: Customized academic bilingual workshops will train parents on promotion. graduation, college and effective teen strategies to avoid common pitfalls.			
Early	SOS Team: TSC advisor will hep graduating students with lifelong learning skills.			
College ACE	Secondary Focus: HQ/HE teachers will individualize learning to ensure post-secondary success.			
Programing	Role Woders: Successful professionals in the community will build both motivation and inspiration			
	College Networks: Post secondary training, preparation and workshops will be given by partners			
Mary Will State	Red Alerts: Student tracking for problems will recover students and provide intervention			
A 150	School Rigor: Rigorous curricula will align with Cloud and college bound climate past graduation			
Contract of the last	Recovery Academy: Falling students will attend special summer and weekend programs			
	Graduation Prep: SOS college prep activities will help transition into IHF with helpful process			
-	P-Tech Alingment: Workforce training ctertifications for career plans and real world skills and jobs.

Amendment # (for amendments only):

Statutory Requirement 6: Describe the applicant's plan to disseminate information about the community learning center, including its location, to the community in a manner that is understandable and accessible.

#### ACE BISD Marketing

BISD will disseminate information about the center, including its location, to the community in a manner that is both understandable and accessible through diverse media such as; District, Campus and Project Brochures, District, Campus and Project Newsletters, District TV/Radio PSA Announcements, District, Campus and Project Newspaper Articles, District Marketing Materials, New Parent Handbooks, Radio and TV Ads, District, Campus and Project Flyers, District, Campus and Project News Stories & Parent Letters, Campus Bulletin Boards posting project work and pictures in the front of the school. A daily menu of services will be encouraged for each site to direct parents and community to appropriate classrooms for ACE signage and information. School announcements will be made concerning the ACE program, cafeteria recruitment will occur with an ACE table for special ACE student birthdays and event recruitment, monthly staff presentations will be made and a competition rewarding the top classrooms with ACE students in the program. Teaching staff will assist disseminating information to parents and have a recruitment enrollment goal for keeping their class active. Staff will disseminate drive by flyers for parents during pickup time and do home visits when appropriate. Word of Mouth: The most important component will be word of mouth by students who will love the dynamic age appropriate activities, caring staff and a safe and bully free learning environment. Hope for the American Dream will also inspire parents towards higher expectations. ACE will be a springboard for College. Program information will be shared with the community in both English and Spanish as appropriate. In addition, program information will be shown on BISD's Public Television Network Channel 17, shared through monthly/quarterly flyers, made available at BISD's Public Information Office, shared with Learning Centers' Site-Based Decision Making Committees, placed on bulletin boards at the Learning Centers, and made available at community-based meetings. The Learning Centers will work closely with the Grants Department, Public Information Department, District Advisory Committees, and Community organizations to disseminate information. The Learning Centers will submit program information including success stories and students/parent written stories to the Brownsville newspaper and the local TV station on a regular basis. The Learning Centers will also maintain announcements, information, photos, and working calendar of services and events on their own website as well as though a link to the district's website.

## **ACE Partnership Marketing**

UTRGV-UTRGV's will use varuious outlet marleting strategies for ACE. Vaquero Connection is a monthly newspaper feature that explores career pathways and offers college readiness information to over 34,000 Rio Grande Valley juniors and seniors. The UTRGV Street Team is our group of 5 students out and about in the community – on and off campus. The Street team will go into schools giving out cool UTRGV promo items, taking photos and video for our social media pages, or getting crowds pumped up for an event. The UTRGV Social & Digital Team is part of UTRGV Public Relations Department and will create ACE social media to connect and engage with the UTRGV community to include:

- UTRGV Social Media Directory
- UTRGV Social Media Feed
- UTRGV Messenger
- UTRGV 360° Virtual Reality Tours

TSC- The Marketing & Community Relations team will provide expertise in key areas to the success of the program such as marketing, social media, public & media relations, event coordination, advertising, publications, design, and web administration. The Marketing & Community Relations Office will serve as the primary contact between TSC and the news media to increase public awareness and understanding of TSC. Additionally, TSC will will assist in the creation, development, and promotion of partnerships between the college and the community. TSC's Marketing & Community Relations Office maintains the college's social media sites including Facebook, Twitter, LinkedIn and YouTube. TSC already filmed the TSC ACE Focus Group and promoted the ACE meeting in their marketing strategies.

Region One ESC-ESC 1 will promote ACE through their marketing outlets to include Texas School Public Relations Association; National School Public Relations Association; Action 4 News; KRGV; Telemundo; The McAllen Monitor Tammi Cupples; Valley Morning Star Fernando del Valle; Brownsville Herald Gary Long.

CIS- Steve Majors is the Vice President for CIS Communications. Steve Majors is a senior communications professional and media strategist with a diverse background in journalism, public relations and national nonprofit communications. Steve's expertise in media relations was developed by his experiences as a TV producer, first in major markets across the country, and then in New York where he held successive leadership positions at CNBC, MSNBC and NBC's Weekend TODAY show. CIS will promote and market ACE in their respective national markets as well.

Amendment # (for amendments only):

Statutory Requirement 7: Please describe the transportation needs of participating students and how students participating in the program will travel safely to and from the center(s) and home.

**Customized Busing Options** 

ACE will ensure a reliable and safe transportation process for participants including all state laws under Texas Transportation Code Title 7, Chapter 547.7015, Education Code 34.002, and Texas Administrative Code, Title 37, Part 1, Chapter 14. BISD will be providing customized busing transportation needs of participating students 'riders' and will provide travel safely to and from the center(s) and/or adjunct sites and home for all students participating in the ACE program. Safe student travel from the centers to home will be ensured by strictly adhering to the forms, schedules, and rules clearly defined and outlined in BISD policies. Certified bus drivers will manage the buses and student dismissal protocols will be stringently adhered to daily. ACE will ensure a reliable and safe transportation process for all ASP participants. Policy identical to the regular school process will be set for 'walkers' who are age appropriate eligible to walk home. However, walkers may be required to be signed out by parents or authorized family members on certain days that get dark earlier, usually fall and winter, if a parent so desires. Students who are too young to walk and do not ride the bus will need to be signed out by parents or authorized family members identified in the student's application form. Also contained in the file will be the child's address and emergency contact information, and drop off schedule for the bus drivers; similar copies will be maintained in the coordinators office. K-2 participants will wear an ID badge with their student identifying information for an undetermined amount of time until the student and bus drivers become familiar with their routes. Program attendance and bus privileges can be revoked if a participant is disorderly during the bus ride home. The transportation department will be kept abreast of discipline problems and can recommend the student be expelled from the ASP. Bus drivers will maintain communication with site coordinators to report any behavioral issues. Busses used during ASP will meet all local and state inspection requirements manned with trained state certified bus drivers with emergency training procedures and first aid kits. In the event a delay or mechanical issue hindering transportation occurs, bus drivers will be required to communicate the situation with the program coordinator. Procedures and TIPS will be in place for students to report to the bus pickup station or parent station upon daily ASP completion to include:

## **ACE Safety tips for drivers**

- When you back out of your driveway or leave your garage, be on the alert for children who are walking or bicycling to school. Submit to all BISD Training and Licensing requirments.
- When driving through an area marked with school zones, watch out for children who are walking or bicycling to school. They may be thinking more about school than traveling there safely.
- ✓ Whenever children may be in the area, slow down. Be on the alert for children walking in the street, particularly in neighborhoods that have no sidewalks.
- Watch for children who may be waiting or playing near a bus stop.
- ✓ Watch for children who may be hurrying, and who may dart out into the street without checking for traffic.
- ✓ Pay attention to the flashing lights on the bus, and stop when the lights are red and the STOP arm is extended.

#### ACE Safety tips for parents

- Have at least one adult present at the bus stop to supervise the children.
- Let your children know that you won't be upset if they don't run back to the bus to pick up a jacket they left on a seat or grab school work that they accidentally dropped near the bus.
- Encourage your children to sit quietly on the bus and listen to any instructions given by the driver.

## ACE Safety tips for children

- ✓ Try to get to your bus stop at least 5 minutes before your bus is supposed to arrive. When the bus approaches, stand at least three giant steps—6 feet—away from the curb. Line up away from the street.
- Line up facing the school bus door—not along the side of the school bus.
- Don't play in the street while waiting for the school bus.
- Don't approach the bus until the bus has stopped, the door has opened, and the driver says you can get on.
- If you have to cross the street in front of the bus, always walk on the sidewalk or along the side of the street until you are at least five giant steps- 10 feet-ahead of the bus. Then you can cross.
- Before you cross, make sure the bus driver can see you, and you can see the bus driver. Wait for a signal from the bus driver before you cross the street.
- When you climb the steps onto the bus, hold onto the handrails.
- When you get off the bus, make sure that your clothing or book bags don't get caught on the handrails or doors.
- Never walk or cross the street behind the bus.

Amendment # (for amendments only):

Statutory Requirement 8: Describe how the eligible entity will encourage and use appropriately qualified persons to serve as the volunteers. Explain the policy for screening and placing volunteers. If the entity does not plan to use volunteers, please indicate that in the space provided. (Choosing not to use volunteers will not lower review scores).

#### **BISD Requirements**

BISD will encourage and use appropriately qualified persons to serve as the volunteers and will follow policy for screening and placing volunteers utilizing state statues requirements. The Texas Education Code, 22.053, (b) defines a school district volunteer as "a person providing services for or on behalf of a school district, on the premises of the district or at a school-sponsored or school-related activity on or off school property, who does not receive compensation in excess of reimbursement for expenses." Volunteers, chaperones on all school sponsored trips, booster club members, and PTA/PTO members need to fill out a volunteer application if they will have contact with students or will volunteer during school hours. Anyone interested in serving as a BISD school volunteer for the school year must do the following: Submit a completed, on-line volunteer (campus clearance) application including a criminal history release form. Applications are available on the BISD website. A Social Security Number may be requested in order to verify criminal history records. District Policy GKG (Legal) requires a criminal history record of all school volunteers. Provide evidence of identity after submitting the application with a copy of a valid (unexpired) Texas Driver's License, state issued ID, United States Passport, U.S. military card or draft record, or Alien Registration Card (with picture) to the campus parent liaison. Once volunteers meet these requirements, the campus administrator or parent liaison will receive an "Authority to Report to Volunteer" which allows the volunteer to begin service. Volunteers from the last school year must renew their applications for the new school year. Those not cleared to volunteer can attend meetings/parent conferences but cannot stay on campus to volunteer. All participants in the ACE program will be required to sign-in and sign-out daily at each center as per ACE procedures and only authorized parents or guardians will be allowed to pick up the student. The primary understanding for ACE safety is to follow the set ACE policy and procedures in alignment with standard BISD protocol for all students, parents and teachers. This includes: Reducing the number of open doors that are accessible to outsiders once the normal school day has ended; Providing highly visible coordinators and security personnel with well lit areas for daylight savings time; Concentrating after-school and weekend activities in limited areas of the building and avoiding activities that spread out all over the school: Targeting most appropriate spaces for functions with safety considerations; Gating off sections of the building not being used; Allowing a one way entrance into programming schedule through main office; Building specific security requirements for partners to use school facilities; Keeping written records of scheduled use, contracts and agreements, facility use and emergency policies and procedures, and related issues with training provided for all emergency codes; Providing adult supervision for increasing adequate after-school and weekend facility; Developing, testing and training staff on emergency/crisis preparedness guidelines for after-school and weekend hours t include inclement weather and bomb threats; Including coordination with public safety agencies for after-school and weekend situations; Ensuring surveillance cameras to deter and record activity, keycard access to control staff access to restricted areas, locks and alarms for high-value and high-risk areas, communications equipment for custodial personnel and activity coordinators, access to phones for after school users to use in an emergency, adequacy of interior and exterior lighting (including parking lots), and related strategies; Posting program expectations and creating the rules for behavior with strict adherence to the consequences; Developing a parent discipline contract that allows for behavior agreements.

ACE IT plans to use qualified volunteers in activities carried out through the community learning center specifically with early childhood activities that require reading stories, art, music, and chess and mentoring one on one building projects through Home Depot/Lowes for high at risk students who need a caring adult. These volunteers will be College Students, Graduate Practicum's, Winter Texans, AARP workers and other senior volunteers with collaborations with Elderly Day Centers such that will help provide qualified senior volunteers volunteering in their areas of expertise. The required training for all volunteer workers and staff will include at a minimum a standard childcare workbook for working with children, appropriate immunization shots, CPR first aid training, staff development training, and a background check. Agency seniors must also meet eligibility and interview requirements. Senior citizens' and disabled students' accommodations, parenting skills, literacy needs and childcare needs will be addressed at each center. The proposed learning centers will serve a wide variety of special needs and constantly look to serve specialized needs. The program will attempt to establish Literacy Centers for illiterate adults at each site whereby senior citizens will be utilized to teach English and Literacy through writing, reading and conversation classes. Literacy centers will ensure long-term sustainability by leveraging local county dollars and resources.

Amendment # (for amendments only):

Statutory Requirement 9: Describe a preliminary plan for how the community learning center will continue after funding under this grant ends, including how the resources provided by this grant will assist the program in local sustainability.

**BISD Sustainability Plan** 

The BISD ACE Premiliminary Sustainability Plan below indicates how the community learning center will continue after funding under this grant ends, including how the resources provided by this grant will assist the program in local sustainability. The plan begins with targeted diverse development beyond the grant cycle with **signed BISD Board letters of support with 100% signatures** (see Appendix G: Board Letters). The Sustainability Plan will align with BISD initiatives for sustainable non regular school hour elements to include but not limited to the following; Academics, Enrichment, College

		DISD ACE 11-3	ustainability Plan		
ACE Grant 100% funds	District/Colleges 25% Goal	BISD Community 10% Goal	Partners/Network 15% Goal	ACE Councils 5% Goal	Businesses 5% Goal

and Career Prep and Family Services. ACE IT will begin with ten sites and will eventually model a school/college partnership for after school services for the entire district of 58 schools. The chart above indicates the preliminary plan for how the community learning center will continue after grant funding ends. Compiled leveraged resources and purchased equipment for 21st CCLC usage from years 1-5 will account for less than half of the programmatic structure for years beyond the grant cycle. Further ACE resources will undoubtedly need to come from the community itself in order to sustain the program. The BISD School Board in the Fall of 2017 approved and implemented the 'Super Supper Program' and since offered 18,000 dinners for 2017-18 for extended day support yet the program still lacks the quality and funding of 21st CCLC teachers and community partnerships. BISD UTRGV, TSC, CIS, WFS and ESC 1 have supported the 21st CCLC proposal as the community embraces the need of the program specifically for single working mothers. Funding amount for the ACE program beyond the grant cycle will begin at 60% of the currently proposed budget (years 1-5), Sustainability requires commitment from various funding streams, a network of community partnerships, a strong parent council and the efforts of 155 Commuity Advisory Council (CAC) members working together. In years 3-5, ACE will split fund staff to 90% 21st CCLC funds so that they can then pursue additional funds without violating the federal grant rules of no fundraising. Meanwhile, all CAC partners will meet quarterly in forums to discuss the progress of the grant to ensure quality. ACE will work diligently in years 1-5 to demonstrate such a great community integrated program that closing its doors will not be an option. After 5 years, ACE plans to have additional 60% in acquired services, resources and in-kind support with the strategies indicated in the chart above with the ACE Key to sustainability in diversified funding.

BISD with Local College Grant Commitment- Superintendent, <u>Dr. Esperanza Zendejas</u>, will ensure that BISD is ready for the design challenges and will engage in the required sustainability Plans that will allow the campuses to meet and sustain grant goals and objectives. The administration has invited the community to participate in the design of the grant creating a stronger ownership of the design and making the commitment even greater. Teachers will be compensated for the added extra duty work and will agree to extra duty pay for the benefit and welfare of ACE success. The added 70 Business Partnerships targeted will sustain the extra duty pay, personnel and incentives for ongoing improvements. A new culture and climate of excellence towards College and Career Completion further increasing grant commitment. BISD gives evidence of support from affected personnel groups for both the decision to participate in the grant program and for the general parameters of the plan. BISD targeted principals with staff were presented the ACE plan and were included in the ACE design process with Grants Department Team. Campuses participated on a voluntary basis and submitted an MOU contract to serve ACE. All BISD administration have signed a sustainability plan with all partnerships (see Appendix E Memorandums of Understanding including the in-kind support given).

County-district number or vendor ID: 031905

Amendment # (for amendments only):

Statutory Requirement 10: Demonstrate how the proposed program will coordinate federal, state, and local programs and make the most effective use of public resources. In doing so, address how the program plans to supplement existing programs and services on the campus(es) to be served.

**Supplementing Existing Programs** 

A key strategy for Project ACE IT is to coordinate federal, state, and local programs with the proposed program for the most effective use of public resources with coordination of existing services and partnerships (see Appendix B- MOUs);

Local: Businesses, Faith Based Organizations (FBO) to include Churches, City Government and Community Based Organizations (CBO) such as Communities in Schools, Boys and Girls Clubs and Community Development Corporations (CCDC) will work together to provide the resources and incentives that are typically not allowed by grant funds to create a dynamic and motivational college going culture are BISD. ACE will also deploy large volunteer services and resources; Community in Schools for social work case management; PEIMS Coordinator for evaluation support; student and parent organizations; and more importantly the school itself as the program will not be a standalone program but an extension of the school day so that funding such as Site Coordinators will work closely with community partners to leverage funds for the most effective use of public funds including the training and development of a Community Advisory Council (CAC).

State Funds: BISD state budgets that supplement ACE support to include; Title funds, migrant and special education resources can be utilized for maximum funding for the ACE. Shared resources such as the sharing of TA support during the ACE transitions helps reduce the student to adult ratio and keeps the program snack time and homework time smooth and productive.

Federal: Grant coordination with other IHE Outreach services such as federal TRIO Programs (Talent Search, Upward Bound), GEARUP, Reading Initiatives and new TSC, UTRGV, CIS, ESC1, BISD grant strategies.

## **Program Coordination**

Partnership coordination includes but not limited to the following partnerships (see Appendix A for all MOUs). ACE incorporates new supplemental innovative services to extend the existing services for both the students and their families that need the extra time on task or need a non-traditional format for learning. First, all CODE classes are STAAR aligned with quality lessons and teachers aimed at holistic level education impacting the child beyond just grades or STAAR scores. Before School will include Reading Clubs, Homework Club, Open Labs and Chess. After School and Summer Camps will include Homework Labs, Pearson Success Maker, Accelerated Readers, Compass Learning, Sewing, Dual Credit, Credit Recovery, Grade Recovery, Team Sports, Criminal Justice Class, Alcohol Tobacco or Drug Classes, Home visits, Fine Arts, Dance, Hi-Tech Classes, Cooking Classes, Freshmen Mentoring and College Mentoring, Digital Media, Grandparent Stories, Art, Drama, Chess, Spanish STAAR Labs, Tutoring, Etiquette Classes, and Teen Chats. Weekends will include CSL Projects, College Tours, Chess, USTA Summer Camps, Swimming, College Tours, Rec. Sports, Remedial Education, Transition Camps. Year Round Family Services will include Parent Meetings, Labs, Literacy Centers, Vocational Education in Computers, Workforce Skills, Literacy Centers, Job Prep, Resume Building, Job Search, Parent Basics, Parent Goal Setting, College Fairs, ESL, GED, Campus Beatification, Council Fundraising, Summer Camp Parent Workshops, Internet Café, Extended Library Hours, Science Nights, Academic Fairs. ACE with American Dreams Schools Model include: new 1:1 technology, tutorials and ACE PD to improve Student Achievement in Reading/ELA; Classroom Modules and PD to improve Student Achievement in Mathematics; new Science ACE Labs, C&I to Improve Student Achievement in Science; new technology, ACE tutorials and C&I supplies to improve CORE courses; Self-Assessment of Progress; yearly STAAR data plan ; Reports on performance by demographics ; high quality data disaggregation to make curriculum decisions to improve student outcomes; Instant Assessment Tools and software; use of Standardized test reviews; higher teacher technology targets; new Teacher Observations for Highest Teaching Elements; Quality ACE Professional Learning Opportunity plus online support; greater Teacher and Student Attendance; Tutorials for at risk/ Low Performing students (LP); Data Disaggregation and Item Analysis Training; Participate in summer curriculum vertical alignment; End of Course STARR test training; Common planning periods; workshops for core areas; Leadership Mentoring Incentives for group performance with PBIS. "Super Suppers will align all workers and extended day services with ACE IT staffing to increase simple snacks to full hot dinners, " Dr. Greg Garcia, BISD Grant Administrator.

#### Schedule #17—Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 031-901

Amendment # (for amendments only):

**TEA Program Requirement 2:** Describe the proposed management, center operations, and corresponding budget plan. Explain how the plan will help meet the program objectives and student service targets.

#### **Effective Grant Management**

BISD has an effective grant management, center operations, and corresponding budget plan that will help meet the program objectives and student service targets. BISD has experienced Grant Administrators, Dr. Greg Garcia with 30 years of grant management with college and district grants and Edwin Barrera with 28 years of grant management will be providing oversight to the 21st CCLC grant. Edwin Barrera, was selected by JCPenny as a National Afterschool Ambassador and was selected by the US Department of Education as a keynote speaker at national conferences. He was one of two from Texas selected for helping transition 21st CCLC to state management. He has worked as a 21st CCLC Director, Site Trainer, Program Evaluator and Consultant and has been funded 19 proposals across Texas and Georgia. BISD's approach to monitor student progress on an ongoing basis will be done by all stakeholders. The FTE Project Director (PD) will use a "Continuous Evaluation Model" to ensure continuous feedback and continuous Improvement of the program. Teacher observations will be conducted on a daily basis by Site Coordinators (SC), BISD will be aligning the regular school day Instructional program to afterschool instruction to ensure a continuous flow In learning and resources and receiving full support from principles (See Appendix G-Campus Support Letters signed by principal and all campus staff). Student progress will be measured at the end of the 2018-2019 school year. In addition, staff will hold weekly meetings with campus and center administration to review program goals, objectives. milestones, and progress on student data. Timely and frequent PD will ensure that quality staff is uploading timely and accurate entry Into the TX ACE Tracking System. Program Assistants will help inputting dally reports of required information entered by each site. The Site Coordinators will submit the required Import during the fall and spring terms to measure student academic progress. The CAC will hold meetings each term and as needed to review the status of program goals and objectives, program planning, design, and improvement. Ace IT will communicate (English/Spanish) with all community stakeholders on a regular basis on grant progress.

### **Regular School Year Operations**

BISD will be in operations for a Total of 40 weeks @ 20 hours per week, per center with a Summer Program of total of 6 weeks @ up to 7 hours [min. 4.5 hour] per week, per center. Campus doors at BISD open at 7:00 am when the school day begins. The first bell rings at 8:00 and the day ends at 3:40 for elementary, 8:00 am for middle school ending at 3:58, and at 3:58 for high school students as well. BISD will extend the day to 7:00 pm to accommodate the needs of the students and working parents. The schedule development process required the involvement of BISD administration and stakeholders including campus principals, counselors, Curriculum and Instruction Directors, community members and

parents. ACE proposes a 40 weeks per year program with 5 days per week for Fall and Spring (34 wks); 5 days per week (6 wks.) for summer with weekends reserved for Community Events, Community Service or college tours.

#### Grant Funds

The Budget Plan will meet the program objectives and student service targets by meeting all required personnel, meeting all performance measures and remaining at approximately \$357 avg. per student at all sites for the 40 week period.

## Schedule #17—Responses to TEA Program Requirements (cont.)

County-district number or vendor ID: 031-901

Amendment # (for amendments only):

**TEA Program Requirement 3:** Describe the proposed program evaluation plan, including a description of how program evaluation results will be used to improve program operations and quality.

#### **ACE Evaluation Plan**

Dr. Lee Garcia, selected ACE IT Evaluator with 25 years of educational experience (see Appendix F Evaluator Credentials) in monitoring programs, will spearhead the evaluation of the AY 2018-19, 21st Century Grant ACE IT program being sponsored by the Brownsville Independent School District (BISD) in conjunction with the (10) campuses: Veterans Memorial ECHS, Brownsville ECHS, BLA High/Middle School, Brite Elementary, Burns Elementary, Egly Elementary, Hudson Elementary, Martin Elementary, Peña Elementary. As defined by the Texas Education Agency (TEA), the ACE evaluation will document the program's implementation year (Cycle 10 Year 1) through the fifth (5th), and final, a requirement as per the Prime Blueprint for Evaluation of ACE (Version 9). The ACE IT will build on the BASIC evaluation of the program's operation which will begin during AY 2018-19. A major aim of the Evaluation report is to present an evaluation that is empirically-driven— one based on data generated by ACE activities. Findings are presented in relation to the grant's purpose and objectives corresponding to four (4) program components: (1) academics assistance; (2) enrichment; (3) family and parental support; (4) college and workforces/career readiness. Activities under these components comprise the primary ACE intervention. They target the grant's five major objectives, structured within the Critical Success Model (CMS), of improving: (1) Academic Performance; (2) Attendance; (3) Behavior; (4) Promotion; and (5) Graduation Rates. The data analysis, using various procedures, will lead to the formulation of findings, utilized to identify and discuss recommendations for resuming its operations in subsequent AYs without 21st Century Grant support. Through most of the program's implementation, mixed evaluation methods will be used with quantitative and qualitative data collection and analysis. Data will be collected on students' demographics, ACE activities under its four components (the intervention), and outcome indicators of academic achievement (i.e., grades, absenteeism, behavioral/suspension problems, promotion & graduation) to evaluate the extent to which the grant objectives were achieved during an Academic Year (AY) and, in the final report, the extent of objective achievement in meeting the Cycle 10 grant objectives. BISD Data will also be collected from multiple sources, including academic achievement indicators, parents, instructors, project coordinators, and students, to evaluate academic achievement and views regarding the districts' afterschool program. For the first AY 2018-19 evaluation quantitative data will be used primarily to document the program outcomes for the AY as supported with qualitative data derived from consultations with the project director and program staff and this evaluator's knowledge of the program from previous data collection, i.e., with focus groups. The findings will suggest the program's outcomes, with respect to the meeting the grant objectives for the current AY 2017-18, with ranges from Moderate to High Achievement levels of achievement. The evaluation will be important to consider the program's continuation in view of having met grant objectives and the positive impact it has had on supporting student academic achievement through afterschool activities.

#### ACE IT Effectiveness Indicators

Site Visits, Observations, Videos, Pictures, Database reports, Staff Meetings, Project or TEA Evaluation instruments, teacher surveys, design includes processes for collecting data, including program-level (i.e., program activities, number of students served, etc.) and student-level academic (e.g., achievement results, attendance data, etc.). Monthly project forums, PTO/PTA meetings, Campus staff meetings, Site Based Committee input and documented parent contacts. GED, SAT, ACT, STAAR, CDMI, Nelson Denny, Ottis-Lennon, Literacy Instruments, Pre-Post course instruments, SAT, ACT, AP, and college placements exams. The Program evaluator along with appropriate statistical analysis will use gains and losses between pre and post instruments along with survey research. (t-test, Multi-linear regression.)

#### **Program Refinements**

ACE IT will utilize the formative evaluation processes outlined in the application provide for the identification and correction of problems throughout the duration of the grant project. Program refinements and assessments will be the driving force behind program changes, new strategies, and instruments used for academic achievements. The program will also rely on existing instruments and district strategies that help guide key administrative decisions in improving the program. The BISD Grant Administrative Team (Dr Greg Garcia and Edwin Barrera) with 58 total years of experience (see Appendix F-Resumes) with over 22 different 21st CCLC programs in Texas and Georgia will assist the staff, evaluator and training required to facilitate a great program with sustainability not as an after through but already integrated into the design and evaluation.
